**RESPONSE TO NOTIFICATION OF MISSING REQUIREMENTS
UNDER 35 U.S.C. 371 IN THE U.S. DESIGNATED/ELECTED OFFICE (DO/EO/US)**

Sir:

This is in response to the June 23, 2005 Notification of Missing Requirements Under 35 U.S.C. 371 in the United States Designated/Elected Office (DO/EO/US) (hereinafter "Notice"), a copy of which is enclosed herewith. A response is due, as extended by a concurrently-filed one month Petition for Extension of Time, on September 23, 2005. Thus, this reply is timely filed.

Translation of Claims 27-30

The Notice states that a translation of the application into English must be furnished in order to complete the requirements for acceptance under 35 U.S.C. 371. The Notice states that the current translation of the application is defective because the number of claims in the International Application, as filed, and the number of claims in the English translation are not the same. Applicants traverse.

Applicants filed an Amendment under Article 19(1) on August 5, 2003, which amended the claims to add claims 27-30 to the International Application. This Amendment was filed within 30 months of the priority date (April 23, 2002). 37 C.F.R. §1.495(d). Because the International Application was filed in Japanese, the Amendment was also filed in Japanese. The International Application was subsequently published under Publication No. WO03/091256 in Japanese on November 6, 2003, with 30 claims. At the time of filing the corresponding U.S. national phase application, applicants provided a copy of the amendments to the claims made under PCT Article 19, and a translation of the application with the Article 19 claim amendments into English. They did this within 30 months of the priority date. Applicants have therefore fulfilled the statutory requirement of 37 C.F.R. §1.495(d).

Applicants do not believe a processing fee is associated with this filing. However, should the Director feel differently, applicants have authorized payment of any fees, including any English translation surcharge, that may be due in the accompanying Transmittal Letter.

The Notice also states that applicants must provide an executed oath or declaration and pay the surcharge set forth in 37 C.F.R. § 1.16(f). Accordingly, applicants enclose a copy of a combined Declaration and Power of Attorney newly executed by the inventors. The combined Declaration and Power of Attorney identifies the application by the International application number and international filing date and is thus in compliance with 37 C.F.R. §1.497(a) and (b). Applicants have authorized payment of the late oath or declaration surcharge in the accompanying Transmittal Letter.

The Notice also states that the application does not contain, as a separate part of the disclosure on paper copy, a “Sequence Listing” as required by 37 C.F.R. §1.821(c), and that applicants must provide an paper copy of the Sequence Listing as well as an amendment directing its entry into the application, a statement of the content of the Sequence Listing information, a copy of the Sequence Listing in computer readable form (CRF) and a statement that the content of the Sequence Listing information in CRF is identical to the written sequence. Applicants traverse.
